* Regardless of ethnicity.

** Starting in 2004, 'trimester prenatal care began' is calculated as the time elapsed from the date of the last menstrual period to the date of the first prenatal care visit. Prior to 2004, these data were obtained by direct question that noted the trimester the mother began prenatal care. Consequently, these data are not comparable to data from prior years.

*** Births with unknown information as to when prenatal care began are excluded from the denominator.
